**Our Philosophy**

You can do anything you set your mind to.

**The Experience:**

We will provide a true sense of belonging, unleash creativity and offer a supportive, safe environment where youth are encouraged to create, explore and learn through the arts. Camp StarPower is a place where children are free to imagine the unimaginable and dream big!

**How We Do it?**

We fuse a traditional summer camp philosophy with a top-notch performing arts program designed to keep our campers invigorated, engaged, challenged and happy! Our unique summer experience will transform lives and will provide our campers with an excellent performing arts training program that promotes personal and artistic growth.

Campers will spend the mornings rotating through a variety of specialty activities that support the artistry and collaboration necessary to put on an original production. In the afternoon, the entire camp will work together as an ensemble as they create and rehearse to perform in their end of camp original production debut.

**Our Staff:**

Our staff is comprised of theatre professionals and college theatre art majors. As positive role models, our staff will teach our campers how to hone skills they already possess while learning new techniques bound to improve their craft and build their confidence.
