

LAURA SEYMOUR CAMP IMPACT AWARD

TARA OHAYON

Tara Ohayon started at the J when she was three years old as a Camp Simchah camper and has never left! Laura Seymour hired her for her very first job as a Camp Chai counselor at age 15 and she has worked at the J every summer since!

Because of camp, Tara found her calling as an educator and believes that camp can make a huge impact on each and every child. Through her time at the J, Tara has grown into a visionary, compassionate leader who focuses everyday on creating a culture where everyone can rise together.

Tara's passion can be seen, felt and heard daily throughout the J and it all started at camp! She feels so lucky to see the direct impact that camp can have through the eyes of her four children who have been campers and are now counselors following in her footsteps. This award is very special to Tara as Laura has been her mentor throughout her career and truly helped to guide her path in life.
