

LEADER OF THE YEAR

DAN LEVITAN

Dan Levitan has been a principal with the privately held investment firm, The PNL Companies, based in Dallas for 23 years. He recently started an alternative investment platform with one of his PNL partners known as LNP Capital. PNL and LNP specialize in purchasing distressed commercial real estate loans and properties throughout the country. Locally, Mr. Levitan has been instrumental in the acquisition, repositioning, and disposition of many prime DFW properties including the 2100 Ross office building in downtown Dallas, Radio Shack's former corporate headquarters complex known as the Tandy Center in downtown Fort Worth, and more than 100 acres of high-profile, commercial, Tollway frontage land in Frisco.

Prior to coming to Texas in 1999, Mr. Levitan held several positions in the real estate investment and advisory business in Southern California. He was previously the Director of Real Estate Consulting at Price Waterhouse in Los Angeles, and prior to that a Consulting Manager with Kenneth Leventhal & Company, which was subsequently absorbed into the real estate practice at Ernst & Young. He remains a licensed California real estate broker.

Mr. Levitan holds an MBA from the University of Southern California in Finance and Real Estate and a BA from the University of Pennsylvania in History and International Relations.

Dan has been on the Board of the JCC since 2015, and on the Executive Board as a Vice President since 2019. He co-serve with Sissy Zoller at the J's representative this year to the OnBoard program, which has resulted in the JCC receiving grant money, along with valuable professional counseling that has manifested itself in policy evaluation and changes to governance, finance and strategic planning at the JCC Board level. Dan has served on the J's Finance Committee since 2014.

Mr. Levitan is also a Board Member of the Jewish Federation of Greater Dallas, where he serves on the Finance Committee and the 2022 Board Development Committee. His other community activities include being a member of the Dallas Round Table for nearly 20 years, a business networking group that also engages in community charitable activities. Along with his wife Bronwyn, he established an endowment at MD Anderson for leiomyosarcoma research.

Bronwyn and Dan have been married for 16 years and are the parents of twin, nearly 11-year old girls, Sammy and Ally, who recently graduated from The Lamplighter School and will be attending 5th grade in the fall of 2022 at The Greenhill School. Before starting at Lamplighter, the twins attended preschool at the Jewish Community Center and have participated in summer camp every year since. Both girls have been on the JCC gymnastics team since 2019. Sammy plays soccer at the J as a member of the Dallas Cosmos club team. Ally performed in the J's theatre production of *The Jungle Book Kids*. Bronwyn and Dan are grateful for the important role that the JCC has played in the development and education of their children.
